

Sinclair Broadcasting's forcing their stations to air an anti-Kerry documentary days before the election is an example of how media is doing less and less to serve the public interest and more and more based on what's good for the bottom line.

Big Media is suffocating journalism and democracy itself. Sinclair's actions show why we need to strengthen media ownership rules, not weaken them. They show why the license renewal process needs to involve more than a returned postcard.

Please use your power to stop Sinclair. Think about the inner strength you can derive from serving your community... and how stopping Sinclair from this action is an opportunity to build the right kind of strength.  
Thank you.
